Clinical Interests & Experiences: Provide brief answers to the questions below. If you are granted an interview, you will be asked to more fully discuss your answers.

1. Who and with what problems would you most like to work with clinically and how does this fit with your future career goals?
2. What has been the extent of your clinical experience thus far?
3. Do you have experience working with adolescents and or transition-aged youth?
4. Do you have experience working with life crises? (Assessment of depression, suicide, dangerousness, mediation, and verbal conflict)
5. Identify specific clinical theories of intervention that are appealing to you at this time:
6. What experience do you have working with people of color, specifically with African-American and other black people?
7. What do you know of Oakland's community in terms of having knowledge about issues faced by youth and families?

8. What personal strengths and skills do you bring into your clinical work?

9. Do you have any other skills that might be helpful?

10. What are your training needs? What are you hoping to learn?

Time Availability

11. Are you available all-day Thursday?

12. What evenings (Mon-Thurs) are you available (up until 8:00PM)?

13. Are you available for Saturday On-call? (The typical commitment of time is about one Saturday every five weeks)

14. What time limits or other restrictions should we discuss?

Please complete and return this application along with:

- 1 letter of recommendation from someone who knows your clinical work.
- Curriculum Vitae.

Application materials **MUST BE RECEIVED** by BAPIC deadline (go to <https://bapic.info/>).
